UX Consultant

Version1 @ The Oireachtas

- The Oireachtas is the name for the Irish Houses of Parliament, Version1 was tasked with a complete digital transformation of the systems that are used by the Oireachtas to support the houses. This included the creation of an Angular application which would support the debate within the Oireachtas as well as many other functions across the entire organisation. This system will be used by all areas of the Oireachtas from clerical staff all the way up to the TD's (Members of Parliament).
